

DN-107/2 SERIES

Numeric display in shape of a cube with four sides and two digits of **57mm**.

Parallel control from PLC.

Characteristics

Display information related to a machine.

The display features are perfect to guide the machine operator with signs of alarm, warning, breakdown, etc., which are displayed at the bottom of the machine. It has a loud acoustic warning (85dB) with independent control . It is very useful to draw the user attention

Perfect visibility.

Dn-107 display has an exceptional visibility. It can be read from 30 meters and 360° around it, thanks to its good contrast and its big sized digits of 57 mm.

Applications

It is controllable by all PLC with digital outputs of NPN, PNP, or CONTACT types.

Applications

Dimensions

Specifications

Model	DN-107/2B-150	DN-107/2B-400
Number of sides	4 sides	
Number of digits/sides	2 digits	
Display	7 Segments. Red color	
Height of the digit	57 mm	
Reading distance	30 m	
Maximum lighting	1000 lux	
Power supply	15 to 26VDC, 450mA	
Dimensions	140 x 140 x 140 mm	
Bottom	150 mm	400 mm
Material	Metacrilat	
Weight	0,6 Kg. approximately	
Characters	0, 1, 2, 3, 4, 5, 6, 7, 8, 9, A, B, C, D, E, F,	
Frontal protection degree	IP-43	
Level of inputs	15 to 26VDC, 6mA	
Polarity of inputs	Non polarity, NPN, PNP or CONTACT	
Connections	Multifilar cable of 1,5m of lenght	
Acoustic warning	85 dB
